Review: Also Known As (Also Known As, #1) by Robin Benway ...

Also Known As 1 Robin Also Known As was an incredibly fun novel. I didn't expect all the laughs I got from it. I thoroughly enjoy the novel and I do not regret reading it. Also Known As exceeded my expectations but only as a novel. As a SPY novel, however, Also Known As leaves much to be desired. Dick Grayson - Wikipedia

Dick Grayson (born c. 1990) was the former vigilante known as Robin, the first crime-fighting partner of Batman and the leader of the Titans. Trying to distance himself from the hero game, Dick became a police officer entwined in a plot to use a teenage girl, Rachel Roth, to bring about the apocalypse.

Dick Grayson is re-established as Nightwing following DC's Flashpoint crossover event, after which the publisher relaunched all of its titles and made alterations to its continuity as part of an initiative called The New 52. In the new status quo, Bruce Wayne is once again the only Batman, and Dick, like the other members of the adoptive family, is a few years younger.

Adam de la Halle, also known as Adam le Bossu (Adam the Hunchback) (1240–1287) was a French-born trouvère, poet and musician. Adam's literary and musical works include chansons and jeux-partis (poetic debates) in the style of the trouvères; polyphonic rondel and motets in the style of early liturgical polyphony; and a musical play, "Jeu de Robin et Marion" (c. 1282–83), which is ...

Maggie Silver has never minded her unusual life. Cracking safes for the world's premier spy organization and traveling the world with he

From New York Times bestselling, National Book Award winning author Robin Benway comes the first book in a hilarious and romantic duology about a normal girl . . . who just so happens to be a spy. Being a 16-year-old safecracker and active-duty daughter of international spies has its moments, good and bad. Pros: Seeing the world one crime-solving adventure at a time. Having parents with super cool jobs. Cons: Never staying in one place long enough to have friends or a boyfriend. But for Maggie Silver, the biggest perk of all has been avoiding high school and the accompanying cliques, bad lunches, and frustratingly simple locker combinations. Then Maggie and her parents are sent to New York for her first solo assignment, and all of that changes. She'll need to attend a private school, avoid the temptation to hack the school's security system, and befriend one aggravatingly cute Jesse Oliver to gain the essential information she needs to crack the case . . . all while trying not to blow her cover.
