Homunculus - James P. Blaylock

Homunculus is a roller coaster of excitement. I think Blaylock may have lived in 18th century London, and might actually know the secret of the carp bladder himself. I have a theory, in fact that James P. Blaylock is none other than his own character Ignacio Narbondo, and these books are simply his own autobiography.

It is the late 19th century and a mysterious airship orbits through the foggy skies. Its terrible secrets are sought by many, including the Royal Society, a fraudulent evangelist, a fiendish vivisectionist, an evil millionaire and an assorted group led by the scientist and explorer Professor Langdon St. Ives. Can St. Ives keep the alien homunculus out of the claws of the villainous Ignacio Narbondo?

A mysterious airship orbits through the foggy skies above Victorian London. Its terrible secrets are sought by many, including: the Royal Society; a fraudulent evangelist; a fiendish vivisectionist; an evil millionaire; and an assorted group led by the scientist and explorer, Professor Langdon St. Ives. Can St. Ives keep the alien homunculus out of the claws of the villainous Ignacio Narbondo?

It is the late 19th century and a mysterious airship orbits through the foggy skies. Its terrible secrets are sought by many, including the Royal Society, a fraudulent evangelist, a fiendish vivisectionist, an evil millionaire and an assorted group led by the scientist and explorer Professor Langdon St. Ives. Can St. Ives keep the alien homunculus out of the claws of the villainous Ignacio Narbondo?

Within the magical gears of Lord Kelvin's incredible machine lies the secret of time. The deadly Dr. Ignacio Narbondo would murder to possess it and scientist and explorer Professor Langdon St. Ives would do anything to use it. For the doctor it means mastery of the world and for the professor it means saving his beloved wife from death. A daring race against time begins...

It is the summer of 1883 and Professor Langdon St. Ives - brilliant but eccentric scientist and explorer - is at home in Aylesford with his family. However, a few miles to the north a steam launch has been taken by pirates above Egypt Bay; the crew murdered and pitched overboard. In Aylesford itself a grave is opened and possibly robbed of the skull. The suspected grave robber, the infamous Dr. Ignacio Narbondo, is an old nemesis of Langdon St. Ives. When Dr. Narbondo returns to kidnap his four-year-old son Eddie and then vanishes into the night, St. Ives and his factotum Hasbro race to London in pursuit... The first new steampunk novel in over twenty years from one of the genre's founding fathers!

From the dark imagination of James P. Blaylock comes a new, chilling tale of the supernatural. When Peter Travers moves into an old house in a remote canyon to try to separate himself from his old existence, his wish becomes reality... all too literally. For his wife and son vanish and the people of the idyllic rural town begin to relive the horrors of a nightmarish crime committed one windy autumn, sixty years earlier. Against a backdrop of murder and midnight terror, Peter must contend with the abandoned relics of his own past before he can overcome the dark forces that haunt the canyon and the people he loves. REVIEWS: "Night Relics is a first rate tale of the supernatural with well drawn characters and plenty of shivery moments" -- Dean Koontz "Superb characters and setting, in a plot that meshes seamlessly..." -- Kirkus Reviews "[NIGHT RELICS] ... is marked by good prose, believable dialogue and fine description..." -- Publishers Weekly

A trilogy sets sail with a novel that's "charming, light-hearted and funny . . . Feels a little like The Hobbit or The Wind in the Willows" (Fantasy Literature). James P. Blaylock's debut novel The Elfin Ship has become a classic of whimsical fantasy. With echoes of Kenneth Graham and Mark Twain, it's a gentle, eccentric, and hilarious novel that will delight readers of all ages. Trading with the elves used to be so simple. Every year Master Cheeser Jonathan Bing would send his very best cheeses downriver to traders who would eventually return with Elfin wonders for the people of Twombly Town. But no more . . . First, the trading post at Willowood Station was mysteriously destroyed. Then, a magical elfin airship began making forays overhead. Something was definitely amiss. So Jonathan set off downriver to deliver the cheeses himself, accompanied by the amazing Professor Wurzle, the irrepressible Dooly, and his faithful dog Ahab. It would have been such a pleasant trip, if not for the weeping skeleton, mad goblins, magic coins, an evil dwarf, a cloak of invisibility—and a watch that stopped time. If only the return trip were so simple. "Madcap's not a word heard much these days, but it's a great one to apply to the characters and their adventures in The Elfin Ship. From start to finish, Blaylock maintains a high level of inventive goofiness that never lets up. If you want about as great a break as possible from the brutalities and cynicism of much of today's fantasy, this book is it." —Black Gate

Third in the Balumnia Trilogy from the author of The Elfin Ship and The Disappearing Dwarf, "a singular American fabulist" (William Gibson, author of Neuromancer). Jonathan Bing wasn't the first citizen of Twombly Town to have a run-in with Selznak the Dwarf. Meet the young Theophile Escargot, aggrieved former citizen of Twombly Town. Divorced, exiled, and humiliated—all for the crime of eating his own pie—he sets off down the Oriel River in search of a fetching barmaid, only to find himself traveling by submarine into fabled Balumnia, where he is beset on all sides by an evil dwarf, a piratical elf, a stone giant, and an unlucky bag of marbles. With a little help, Escargot must rescue his true love, save the elves, and—most importantly—redeem his dignity. Revisit the world of The Elfin Ship and The Disappearing Dwarf, and discover where the adventures began. "Blaylock crafted a story of engaging characters, cozy settings, and goofy adventures. Escargot is one of the most likable and ridiculous rogues in fantasy. His evolution from layabout and pie-thief to actual hero is terrific." —Black Gate Praise for the Balumnia Trilogy "A magical world, magically presented . . . Having journeyed there, you will not wish to leave, nor ever to forget." —Philip K. Dick, Hugo Award-winning author of The Man in the High Castle

A biblical betrayal drives this trilogy from the World Fantasy Award-winning author, "a singular American fabulist" (William Gibson, author of Neuromancer). The price of immortality . . . Two thousand years ago, there lived a man who sold some valuable information for a fee of thirty silver coins. His name was Judas Iscariot, and he is no longer with us. The coins, however, still exist—and still hold an elusive power over all who claim them . . . Like Andrew Vanbergen, whose attempts at innkeeping bring in stranger business than he ever expected. And Aunt Naomi, whose most prized family heirloom is a silver spoon—with a curiously ancient-looking engraving. And especially old Mr. Pennyman, who is only five silver coins short of immortality . . . "The Last Coin should confirm Blaylock's position as a trendsetter, breaking new ground rather than just exploring the old." —San Francisco Chronicle "Against a lyric vision of the Southern California coast, cosmic conspiracy theories bump heads in a gleeful farce to produce another strange and wonderful book from the idiosyncratic author of Homunculus and Land of Dreams." —Publishers Weekly "Weird and wonderful touches abound; Blaylock makes good use of his coastal setting, extracting his own brand of magic from familiar places and familiar things. While Biblical conspiracies and revisionist scriptures are all the rage now, Blaylock got the jump on the current crop by several years." —SFF Chronicles
