The Foundation for Food Safety Certification 22000 (FSSC 22000) is a company-level certification that helps organizations ensure the supply of safe food and beverages. The scheme uses international and independent standards such as ISO 22000, ISO 9001, ISO/TS 22003, and technical specifications for sector-specific Pre-Requisite Programs (PRPs), such as ISO/TS 22002-4.

Food manufacturing operations are diverse in nature and not all of the requirements specified in ISO/TS 22002-1:2009 apply to an individual establishment or process. Where exclusions are made or alternative measures implemented, these need to be justified and documented by a hazard analysis, as described in ISO 22000:2005, 7.4.
