The Last days of Magic by Mark Tompkins
The Last Days of Magic is a quasi-historical fantasy set in Ireland. Drawn from the legends of Ireland and from (believe it or not!) the Dead Sea Scrolls, The Last Days of Magic tells the story of the Nephilim, the hybrid offspring of angels and humans, and the Sidhe ("shee"), the Irish faeries of whom much has been written.

The magic of the Druids was ultimately about the ascension and purification of the soul and had much in common with Buddhism. This book uses various elements of Celtic, Norse and other lore to create a super-violent world of murder and torment to titillate the reader. The magic here is sad and pointless and one is glad that it meets its "last days."

The Last Days of Magic. by Mark Tompkins. 3.16 avg. rating · 2,060 Ratings. An epic novel of magic and mysticism, Celts and faeries, mad kings and druids, and the goddess struggling to reign over magic's last outpost on the Earth.

"Fantastic . . . an honest, beautifully detailed book and an entertaining read." –DIANA GABALDON, THE WASHINGTON POST
"A fantastical treat." –PEOPLE "Simultaneously sweeping and intricate . . . Tompkins’s amazing debut novel conjures an epic battle for the soul of Ireland. Filled with papal machination and royal intrigue, magic and mayhem, faeries, Vikings, legates, kings and queens, angels and goddesses, this is one wild and breathless ride." –KAREN JOY FOWLER
"Plundering the treasure chest of human myths, from mysterious biblical giants to ferocious Celtic faeries, Tompkins has created a fantasy adventure with the shifting perspectives of dreamscape. A novel rich and strange." –GERALDINE BROOKS
What became of magic in the world? Who needed to do away with it, and for what reasons? Drawing on myth, legend, fairy tales, and Biblical mysteries, The Last Days of Magic brilliantly imagines answers to these questions, sweeping us back to a world where humans and magical beings co-exist as they had for centuries. Aisling, a goddess in human form, was born to rule both domains and—with her twin, Anya—unite the Celts with the powerful faeries of the Middle Kingdom. But within medieval Ireland interests are divided, and far from its shores greater forces are mustering. Both England and Rome have a stake in driving magic from the Emerald Isle. Jordan, the Vatican commander tasked with vanquishing the remnants of otherworldly creatures from a disenchantd Europe, has built a career on such plots. But increasingly he finds himself torn between duty and his desire to understand the magic that has been forbidden. As kings prepare, exorcists gather, and divisions widen between the warring clans of Ireland, Aisling and Jordan must come to terms with powers given and withheld, while a world that can still foster magic hangs in the balance. Loyalties are tested, betrayals sown, and the coming war will have repercussions that ripple centuries later, in today’s world—and in particular for a young graduate student named Sara Hill. The Last Days of Magic introduces us to unforgettable characters who grapple with quests for power, human frailty, and the longing for knowledge that has been made taboo. Mark Tompkins has crafted a remarkable tale—a feat of world-building that poses astonishing and resonant answers to epic questions.

Journey back to the first days of Doctor Strange! How did he become the Sorcerer Supreme - and how has he lost it all? Today Stephen is on the brink of death, his magic - all magic - nearly depleted. Sensing that Strange is at his weakest, his greatest foes return from the shadows, ready to strike -starting with his oldest rival, Baron Mordo! But as a parade of villains line up to take their shot, one of Strange's newest enemies may be the deadliest of all: the Orb has set his sights on him! And Mr. Misery may have helped defeat the Empirikul, but he's about to unleash the full meaning of his name on Doctor Strange! Can Stephen survive this lethal lineup? Plus: the dynamic debut of the Sorcerers Supreme! COLLECTING: DOCTOR STRANGE (2015) 11-20, ANNUAL 1

The Empirikul have arrived, leaving universes purged of magic in their wake. Their next target? The Marvel Universe. And with Doctor Strange weakened beyond measure, we don't have a chance! Collecting Doctor Strange #6-10 and Doctor Strange: Last Days of Magic (subject to change).

Master storyteller Alice Hoffman brings us the conclusion of the Practical Magic series in a spellbinding and enchanting final Owens novel brimming with lyric beauty and vivid characters. The Owens family has been cursed in matters of love for over three-hundred years but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man’s life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. The Book of Magic is a breathtaking conclusion that celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love.

‘What will you do when the magic is gone?’ Sander Bree is a royal mage. Steeped in privilege, he lives a cushy life advising the king on matters of court and politics, yet still complains that he’s stuck in a rut. Rosheen Katell is a freelance mage and, with Anzu her griffin, she’s worked hard to build a reputation as a trustworthy truth seer. She never lies, never kills. The source of their power is the Lapis Moon in orbit above. Very soon, that magic will be gone, changing their lives and their world forever. Sander must keep a promise that would have been difficult enough with magic, but is a suicide mission without it. Rosheen is forced to side with a murderous warlord, and her once-solid principles are tested and found wanting. Both will be set against one another in a war unlike anything the world has seen before, in this sweeping fantasy of magic’s ending. ** ‘Mark Stay paints his world and characters with deft, confident and dark strokes.’ – RJ Barker, author of the Wounded Kingdom Trilogy
‘The sort of book you give to people who say “prove to me why I should read fantasy”... A simply terrific read.’ – James Barclay, author of the Legends of the Raven series
‘Takes the tropes of high fantasy and uses them to wield an original, compelling and intricately plotted story... exactly the kind of fantasy that we need more of.’ – Gavin G. Smith, author of the Veteran series

Doctor Strange enters the last days of magic! They have crossed the dimensions, purging them all of sorcery, one by one. Now the Empirikul have arrived in the Marvel Universe. And with Earth's Master of the Mystic Arts weakened beyond measure, is there any chance of stopping them? The Sorcerer is no longer Supreme, and he will find himself at the mercy of the Emperor! With his magic destroyed, and his world on the brink of disaster, are there any more tricks left up Doctor Strange's sleeves? Jason Aaron and Chris Bachalo's sensational reinvigoration of a Marvel legend continues! COLLECTING: DOCTOR STRANGE 6-10, DOCTOR STRANGE: LAST DAYS OF MAGIC 1

Fort Fitzgerald is determined to uncover the truth, but a new student at school and the secrets he has to keep complicate matters in this second novel in a thrilling new series from the author of the New York Times bestselling Story Thieves! Fort Fitzgerald can't stop having nightmares about the day his father was taken from him in an attack on Washington, DC. In these dreams, an Old One, an evil beyond comprehension, demands the location of the last dragon. But other than some dragon skeletons dug up with the books of magic on Discovery Day, Fort has never seen a dragon before. Could there still be one left alive? And weirdly, Fort's not the only one at the Oppenheimer School having these nightmares. His new roommate, Gabriel, seems to know more than he's letting on about this dragon as well. And why does everyone at the school seem to do whatever Gabriel says? What's his secret? Fort's going to need the help of his friends Cyrus, Jia, and Rachel, if he's going to have any chance of keeping the Old Ones from returning to Earth. Unless, the Old Ones offer something Fort could never turn down...
