America's most enduringly fascinating figures, whose partnership helped birth a nation, and whose subsequent falling out did much to fix its course. Thomas Jefferson and John Adams could scarcely have come from more different worlds, or been more different in temperament.

Jefferson, the optimist with enough faith in the innate goodness of his fellow man to be democracy's champion, was an aristocratic Southern slaveowner, while Adams, the overachiever from New England's rising middling classes, painfully aware he was no aristocrat, was a skeptic about popular rule and a defender of a more elitist view of government. They worked closely in the crucible of revolution, crafting the

Declaration of Independence and leading, with Franklin, the diplomatic effort that brought France into the fight. But ultimately, their profound differences would lead to a fundamental crisis, in their friendship and in the nation writ large, as they became the figureheads of two entirely new forces, the first American political parties. It was a bitter breach, lasting through the presidential administrations of both men, and beyond. But late in life, something remarkable happened: these two men were nudged into reconciliation. What started as a grudging trickle of correspondence became a great flood, and a friendship was rekindled, over the course of hundreds of letters. In

John Adams and The True Story Of An American Feud

their final years they were the last surviving founding fathers and cherished their role in this mighty young republic as it approached the half century mark in 1826. At last, on the afternoon of July 4th, 50 years to the day after the signing of the Declaration, Adams let out a sigh and said, At least Jefferson still lives. He died soon thereafter. In fact, a few hours earlier on that same day, far to the south in his home in Monticello, Jefferson died as well. Arguably no relationship in this country's history carries as much freight as that of John Adams of Massachusetts and Thomas Jefferson of Virginia. Gordon Wood has more than done justice to these entwined lives and their meaning; he has written a

Read Book Worst Of Friends Thomas Jefferson John Adams And The True Story Of All American Feud

magnificent new addition to
America's collective story.

Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaining an intimate relationship with his slave, Sally Hemmings; the enemy of government power who exercised it audaciously as president; the visionary who remained curiously blind to the inconsistencies in his nature. American Sphinx is a marvel of scholarship, a delight to read, and an essential gloss on the

Renowned artist Maira Kalman sheds light on the fascinating life and interests of the Renaissance man who was our third president. Thomas Jefferson is perhaps best known for writing the Declaration of Independence—but there ' s so much more to discover. This energetic man was interested in everything. He played violin, spoke seven languages and was a scientist, naturalist, botanist, mathematician and architect. He designed his magnificent home, Monticello, which is full of objects he collected from around the world. Our first foodie, he grew over fifteen kinds of peas and advocated a mostly vegetarian diet. And oh yes, as our third

John Adams and The True Story Of An American Feud

president, he doubled the size of the United States and sent Lewis and Clark to explore it. He also started the Library of Congress and said, “ I cannot live without books. ” But monumental figures can have monumental flaws, and Jefferson was no exception. Although he called slavery an “ abomination, ” he owned about 150 slaves. As she did in Looking at Lincoln, Maira Kalman shares a president ’ s remarkable, complicated life with young readers, making history come alive with her captivating text and stunning illustrations.

An intellectual dialogue of the highest plane achieved in America, the correspondence between John Adams and Thomas Jefferson

Read Book Worst Of Friends Thomas Jefferson

spanned half a century and embraced government, philosophy, religion, quotidian, and family griefs and joys. First meeting as delegates to the Continental Congress in 1775, they initiated correspondence in 1777, negotiated jointly as ministers in Europe in the 1780s, and served the early Republic--each, ultimately, in its highest office. At Jefferson's defeat of Adams for the presidency in 1800, they became estranged, and the correspondence lapses from 1801 to 1812, then is renewed until the death of both in 1826, fifty years to the day after the Declaration of Independence. Lester J. Cappon's edition, first published in 1959 in two volumes, provides the complete correspondence between

John Adams and the True Story of an American Feud

these two men and includes the correspondence between Abigail Adams and Jefferson. Many of these letters have been published in no other modern edition, nor does any other edition devote itself exclusively to the exchange between Jefferson and the Adamses. Introduction, headnotes, and footnotes inform the reader without interrupting the speakers. This reissue of The Adams-Jefferson Letters in a one-volume unabridged edition brings to a broader audience one of the monuments of American scholarship and, to quote C. Vann Woodward, 'a major treasure of national literature.'

Provides insight into the personal side of George Washington along

Read Book Worst Of Friends Thomas Jefferson

with little-known and funny facts about the man who--although he didn't want the job--would eventually become our nation's first president. Reprint.

History tends to cast the early years of America in a glow of camaraderie, when there were, in fact, many conflicts between the Founding Fathers—none more important than the one between George Washington and Thomas Jefferson. Their disagreement centered on the highest, most original public office created by the Constitutional Convention: the presidency. It also involved the nation's foreign policy, the role of merchants and farmers in a republic, and the durability of the union. At its root were two sharply

Read Book Worst Of Friends Thomas Jefferson John Adams And The True Story Of An American Feud

different visions of the nation's future. Acclaimed historian Thomas Fleming examines how the differing characters and leadership styles of Washington and Jefferson shaped two opposing views of the presidency—and the nation. This clash profoundly influenced the next two centuries of America's history and persists in the present day.
